• Check and include all those that apply to you; ask your advisor for inserts as needed.

• State Law requires that all students meet the CAM Internal Assessments in order to graduate beginning with the freshman class entering Southridge in 2006. Southridge is phasing in the CAM by expecting all students to earn a Career Academy Endorsement beginning with the class of 2005. PASS is the preferred admission criteria for the Oregon University System in 2005.
