

Springville Local School Committee
Minutes
10/21/09

The group opened the meeting with some general discussions about the long term plan for North Bethany. There was also some discussion regarding benches on the playground. The elevator will become 'key-accessible.' Finally, the system will be modified to implement an auto-lock feature for doors as a safety concern during lockout procedures.

A parent request for gym usage is "on hold" pending potential scheduling conflicts with THPRD. This may also determine whether custodian coverage will be required for this application.

The PTO Movie Night request will need to be rescheduled from 11/6/09 since the school is closed that day. 11/12/09 and 11/20/09 are available on the calendar.

Several new applications for building use were approved today:
