

# Springville LSC Meeting

## March 17, 2010 Minutes

Attendees: Cheryl Ames, Dena Gentry, Kathy Russo

Absent: Mark McClure

Meeting opened with quick review of last month's minutes and building use approvals. Meeting was held via phone on Feb 17, 2010.

Kathy and Dena had attended LSC Quarterly meeting in February. The meeting had focused on the building fees specifically the arbitrary room fees charges and an exercise was done to recommend changes. Bud Moore would review the recommendations and notify us of any changes in building use fees. Discussion was had on the impact of the two ballot measures 66 & 67 that added additional funding.

Reviewed note from LSC quarterly meeting on March 12 that Mark had submitted. District budget meeting of March 16 was also discussed and a copy of the Key points for Budget Recommendations to the Beaverton Budget Committee was handed out and reviewed.

There were earthquake and lock in drills done last week. The security system worked very well with a single button push to lock all exterior doors. Complete quiet was achieved and both drills were considered very successful.

Building maintenance walk through went well they identified a few small cracks to be dealt with.

There are 5 new garbage cans around the perimeter of the school. The front door blinds, along with classroom door blinds were unhooked so they could be pulled up for safety reasons.
