BSD TEACHING & LEARNING THEORY OF ACTION

If we Expect Excellence by setting high standards, monitoring & supporting student progress toward their personal learning goals, developing the best administrators & teachers for our students, AND

If we Innovate by cultivating a district environment which supports innovative efforts to achieve BSD priorities, AND

If we Embrace Equity by ensuring school environments are inclusive of all students, staff, and parents, allocating resources based on student need, AND

If we Collaborate by implementing effective Learning Teams, supporting the creation and effective use of a Plan and Profile,

Then all students will achieve the District Goal.

VISION

It is the vision of the Teaching and Learning Department that:

-Using the pillars of excellence, innovation, equity, collaboration as a foundation, Teaching and Learning will provide strategic support to schools around district priorities.

-Teaching and Learning will focus and align work toward proven strategies that will result in improved, equitable student achievement for all students.

-Teaching and Learning will collaborate with other departments to deliver focused service to schools.

-Teaching and Learning will model effective teaching and learning practices with schools and other departments.

-Teaching and Learning will operate as a collaborative department with high standards of equity, integrity, mutual support and respect.

-Teaching and Learning will be a service-oriented department with key emphasis on customer service.
