

Personnel Records

An official personnel file will be established for each person employed by the district. Such files will be maintained in a central location.

All records containing employee medical condition information such as workers' compensation reports and release/permission to return to work forms will be kept confidential, in a separate file from personnel records. Such records will be released only in accordance with the requirements of the Americans with Disabilities Act or other applicable law.

The superintendent or designee will be responsible for establishing regulations regarding the control, use, safety and maintenance of all personnel records. Upon request, employees will be given a copy of evaluations, complaints and written disciplinary actions to be placed in their personnel file. All charges resulting in disciplinary action shall be considered a permanent part of the teacher's personnel file and shall not be removed for any reason. Employees may submit a written response to any materials placed in their personnel file.

Except as provided below, or required by law, district employees' personnel records will be available for use and inspection only by the following:

1. The individual employee. An employee or designee may arrange with the human resources office to inspect the contents of his/her personnel file by appointment;
2. Others designated in writing by the employee;
3. The comptroller or auditor, when such inspection is pertinent to carrying out their respective duties, or as otherwise specifically authorized by the Board. Information so obtained will be kept confidential. No files will be removed from their central location for personal inspection;
4. A Board member when specifically authorized by a majority of the Board. Information will be kept confidential. No files will be removed from their central location for personal inspection;
5. The superintendent and members of the central administrative staff;
6. District administrators and supervisors who currently or prospectively supervise the employee;
7. Employees of the human resources office for the purpose of personnel business;
8. Attorneys for the district or the district's designated representative on matters of district business;

9. The disciplinary records¹ of a district employee convicted of a crime listed in Oregon Revised Statute (ORS) 342.143 are not exempt from disclosure under ORS 192.501 or 192.502 and may be released to any person upon request. Prior to the release of disciplinary records the district shall remove any personally identifiable information from the record that would disclose the identity of a child, a crime victim or a district employee who is not the subject of the disciplinary record.
10. Upon request from a law enforcement agency, the Department of Human Services or the Teacher Standards and Practices Commission, a district shall provide the records of investigations of suspected child abuse by a district employee.

The superintendent or designee may permit persons other than those specified above to use and to inspect employee records when, in his/her opinion, the person requesting access has a legitimate official purpose. The superintendent or designee will determine in each case the appropriateness and extent of such access.

Release of personnel records to parties other than those authorized to inspect them or legally required to disclose will be only upon receipt of a court order.
