Frequently Asked Question | **Answer**

How do I see my child's Attendance Record?

- By clicking on Attendance on the left hand navigation, you can view your child's attendance in two ways: List View and Calendar View.
 - **List View** displays all the days you were marked absent or tardy, along with the reason and notes associated with each entry. Totals display at the bottom of the list.

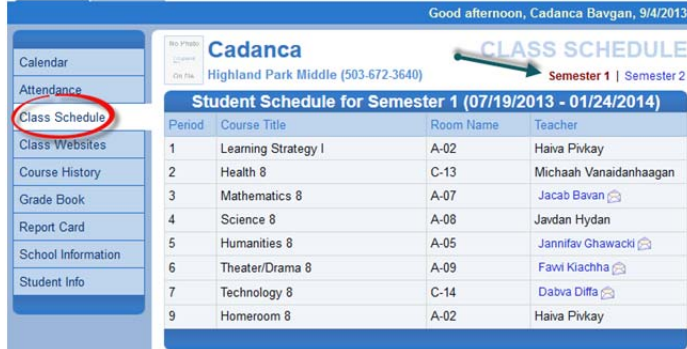

- **Calendar View** displays absences in the date they occurred. This is handy to view a specific period of time.

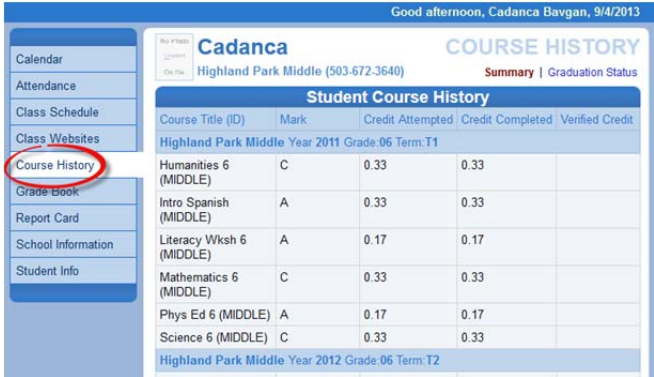

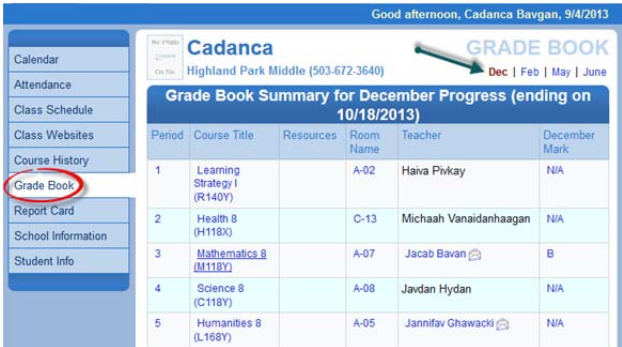

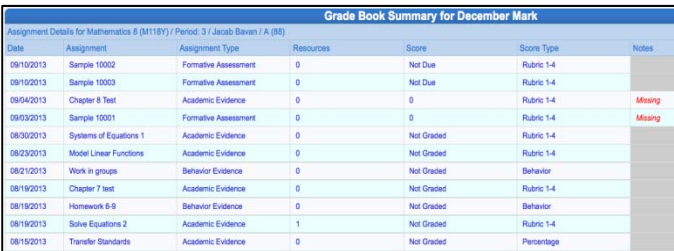

- Within these screens you can click on an absence reason to view the details.
- In some cases you may see a date student was absent with no reason code. This may happen in a few situations such as student switching classes or a change in absent reason.
- Parents can check the **Auto Notify Attendance** box to receive email notifications when a student is tardy or misses a class.

Can I pull up my child's class schedule?

Yes. Click Class Schedule on the left-hand Navigation. The schedule lists the period, course title, room name, and teacher for each class.
